

WHY GRAND?

1. A Proven Track Record of Success

Over the past 15 years we have manufactured and developed a highly successful product range. The current catalogue includes craft for recreational as well as professional users including RIBs, foldable boats and canoes together with a comprehensive range of accessories. Our company is now recognized as one of the market leaders in the field of Inflatable Boats.

2. Innovations are the Hallmark of Our Success

The ability to continually innovate and refine our production processes is one of the key ingredients in GRAND's success. By utilizing state of the art engineering and design processes combined with an extensive research and development program we have not only raised the bar in terms of quality but have also been able to provide some of the finest contemporary naval architecture available!

3. Safety is Our Primary Consideration

Our primary consideration is to provide a safe environment for Our Customers. The safety aspects of every new model are therefore thoroughly reviewed at the start of the design process. Regardless of which model you choose; be it our baby E210 or perhaps an S330L tender for your yacht or the fabulous G850 Day Cruiser — you will always feel safe in a GRAND Inflatable Boat.

4. A Totally European Product

Every GRAND boat is built in Europe without compromise in terms of workmanship, materials, engineering and quality. By combining aerodynamic principles with advanced design and manufacturing concepts we provide our customers with boats in which every component is quality assured and traceable to its source. That's a high standard to maintain but we wouldn't have it any other way!

5. A Wide Range of Boats

Our range now stands at over 50 models, which together with a comprehensive list of options and accessories means you can select and equip your boat to meet your precise personal requirements. In addition, we offer a wide range of color schemes for the tubes, GRP and upholstery providing you with the opportunity to create something truly unique.

6. International Distribution and Dealer Network

A fast and reliable distribution network is an essential part of any successful multinational business because it enables customers to get products and services when they need them. GRAND's worldwide network of Authorized Distributors and Dealers provides our customers not only with great boats and accessories but also first class sales and service backup.

7. ISO9001 Certificate

As part of our focus on continually improving our products and services we are delighted to announce that we have recently achieved ISO 9001:2015 status. ISO 9001 is the international standard for quality management systems and is recognized in over 170 countries. The standard is based on a number of quality management principles including a strong customer focus, the motivation and engagement of top management, the process approach, and continual improvement. Using ISO 9001 helps us ensure that customers consistently receive quality products and services, which in turn brings many shared business benefits.

8. Model Range — Continual Improvement

There was nothing ever made that could not be done a little better and this is why we regularly review and update our model range in order to reflect the latest trends in design and safety. We are not a Company that rests on it's laurels and our policy of Continual Improvement has resulted in many of our models becoming "classics" of their type.

9. Inflatable Tubes with Profiled Fiberglass Step Ends

The majority of our RIBs include, as standard equipment or as an option, a feature developed by GRAND — inflatable tubes with Profiled Fiberglass Step Ends.

The advantages include:

- They are a particularly useful feature when swimming, boarding or docking
- They are safe and comfortable to stand or sit on when the boat is at rest.
- They work as a passive trim-tab, pushing the bow down when under way.

Once you have enjoyed the advantages of our Step Ends you won't want to be without them!

12. Best Materials for Best Boats

GRAND's inflatables are made from five layers of 1100Dtes Polyester fabric and 1680 Dtex, which is reinforced with MIRASOL and HEYTEX fabrics to ensure outstanding durability and abrasion resistance. Where HYPALON tubes are specified we use ORCA® engineered fabric which provides the quality, strength and durability necessary to ensure customers receive the best performing products available. These fabrics combined with our new HTL adhesive ensures our products possess a high level of structural integrity and the ability to withstand temperatures of up to 90°C!

10. High Quality and Fair Prices

Our definition of "Quality" is that the product meets not only our Customers requirements but also those set out in international standards such as International Standards ISO/FDIS-6185, ISO 12217 and the European Union Directive 2013/53/EU. Our internal quality management procedures are amongst the highest in the industry so the challenge has been to achieve this at a cost that ensures good value for money. Based on the feedback we receive from our customers we seem to be doing this rather well!

11. Style and Practicality

We believe that in order to achieve an overall success with the design brief it is also important to combine style with practicality. Our designers pay particular attention to the ergonomics as well as the elegance of their designs, the results of which we hope our customers will really appreciate!

13. SeaDek High Performance Flooring

GRAND boats are now available with SeaDek high performance flooring. SeaDek® is manufactured in the USA from a nonabsorbent, closed cell copolymer material specially formulated for marine applications. This material is an innovative, textured micro-dot surface with enhanced non-slip characteristics. SeaDek is a durable UV resistant non-absorbable material providing protection for boat surfaces, especially in high traffic areas. Other SeaDek benefits include:

- Exceptional traction even when wet
- Unparalleled comfort when standing, walking or leaning on boat surfaces
- Shock absorption, which decreases fatigue
- Protection for boat surfaces against scratches, chips and dents
- Noise reduction characteristics — ideal for fishermen

SeaDek is specially formulated for marine applications and will further enhance both the appearance and safety features of our boats.

14. Unique Designs and Technical Perfection!

Every GRAND model incorporates a unique combination of innovative techniques, patented designs plus many years of experience and expertise. By utilizing the latest CAD/CAM technology with the most advanced software, every GRAND is perfected to the smallest detail to ensure the utmost quality. Once the prototype model has been constructed, it is subjected to an extensive range of sea trials in the toughest conditions before it sees a showroom floor! After every production stage each boat passes a strict quality control test against a challenging set of parameters and all models are required to pass CE certification before series production begins.

15. Incomparable Pleasure and Comfort

In choosing any GRAND model you will not only get a high quality boat, but also the invaluable pleasure of spending time with your family and friends in natural surroundings; as well as appreciating the comfort and outstanding handling characteristics of your GRAND Inflatable Boat.

GOLDEN LINE

GRAND Golden Line RIBs are designed for customers seeking a boat that reflects a high degree of individuality, luxury and character. The Series includes boats ranging from 3.3m to 8.5m in length. If you are looking for a boat that personifies the Spirit of Discovery then our Golden Line RIBs will definitely meet your needs.

G850

Our new Golden Line G850 is the flagship of the GRAND fleet. This magnificent 8.5 meter Day Cruiser combines performance with all the modern comforts associated with a luxury RIB.

The general arrangement follows a classic layout with generous sunbathing areas both at bow and stern, ergonomically designed helm and passenger seating with cooling drawer and space for a sink and hob unit.

Our U-form seating in the rear of the cockpit will easily accommodate both friends and family. The lifting hatch at the forward end of the steering console provides access, via molded in steps, to the large compartment, which can accommodate both a marine WC and sink. The hull meets the requirements of CE category B so when the water gets rough the robust Deep “V” hull will offer great stability. At high speeds this craft certainly makes a statement with its superb driving dynamics and precision handling. With single or twin engine options together with an extensive range of optional equipment the G850 will meet all your requirements for performance, comfort, safety and enjoyment.

- Water shower set with pump and 100l tank
- Electric anchor with lifting mechanism
- Hydraulic steering system
- Cooling drawer
- Washdown system
- Removable table with 4 cup holders
- Stainless steel bimini top
- Overall cover, consoles and rear seat covers
- Two overpressure valves
- Keel protector package
- SILVERTEX upholstery upgrade
- SeaDek antiskid set

G650

The Golden Line G650 — another breathtaking creation from GRAND!

This model represents a new and unique concept with several great ideas and features, which makes it a notable event in the boating world. Let's have a look at some of them:

- **A U-form rear sofa-style seat;** a common feature on larger RIBs, but this is the first time it has been so neatly accommodated in a 6.5 m model.
- **The bow tube** has been cleverly curved introducing a nice touch of elegance to the boat's lines.
- **A new concept steering console** incorporating an impressive and spacious dashboard.
- **An elegant helming console** with folding seats and handrails.
- **A stylish and innovative waterski towing arch,** combining the features of the navigation arch with wakeboard or waterski towing capability.

We believe our new Golden Line G650 is one the most beautiful boats our factory has created and we hope it will be much appreciated by our GRAND Customers.

G580

The GRAND G580 — contemporary styling with performance to match

Introduced in 2017 the G580, whilst retaining the overall styling concept of the series, quickly established its own distinctive characteristics:

- **Updated hull and tube geometry** based on a synthesis of modern design and ergonomics.
- **Dynamic shape** contouring with sweeping lines.
- **Plenty of storage** capacity.
- **Optimal weight distribution** with steering console and double pilot/passenger seats located centrally within the cockpit.

Excellent results have been achieved in terms of seaworthiness and load capacity and other key parameters including the range of outboards proposed. This has been accomplished by combining our proven High Step Hull design with a high deadrise, spectacular contours and attention to detail throughout. In common with all models in the series the G580 is equipped with a comprehensive list of standard equipment plus a wide range of options and accessories. These, together with new upholstery combinations give the boat excellent customer appeal plus a unique identity.

G500

The Golden Line G500 represents a fresh approach by our design team.

This 5-meter model is capable of handling engines up to 115hp and is great at riding the waves whilst also delivering the thrills and spills of water sports, keeping up with fish or simply enjoying the excitement of speed over the water. It is one of the safest and most comfortable boats in it's class with its light-weight, high-performance structure together with a heavy-duty, Deep "V" hand laid hull and an elegance of design that boaters will readily appreciate.

The helming position is well designed and comfortable while the rest of the cockpit will certainly meet your passengers' needs.

This new, innovative model has the potential to transform your expectations in terms of performance, family enjoyment and safety.

G480

This GOLDEN LINE G480 Rider certainly pushes the envelope in terms of contemporary naval architecture and engineering whilst not forgetting the desirability of elegance within the overall design.

With an impressive list of standard features, together with a thoughtful options list, this model will undoubtedly serve the needs of both versatile and adventurous boaters.

With its first-rate performance, stylish looks and plush appointments, this GOLDEN LINE Rider certainly delivers a high level of luxury boating, offering a first-class seat to enjoy the world in style! The G480 is available in two options with Hypalon and PVC tubes:

- **The DELUXE version (G480LF)** — high-profile boat for cruising and watersports, equipped with high-profile console with windshield and stainless steel navigation arch.
- **The ELITE version (G480EF)** — low-profile boat as a yacht tender, equipped with low-profile steering console and two stainless steel side rails.

Both models are equipped with fiberglass step ends with large steps for easy boarding and swimming.

NEW MODEL!

G420

Our new Golden Line G420: equally at home as a high specification tender or mid-size family runabout.

We are delighted to introduce the new G420, the latest in the Golden Line Series. The design follows the well-established GRAND contemporary design philosophy with a bright, dynamic appearance and aerodynamic lines.

Whilst filling an important niche in the mid-size luxury tender market this model, with it's classic layout, performs equally well as a high specification family runabout.

The proven High Step Hull design ensures excellent maneuverability combined with dynamic stability and impressive speed capability. Safety handrails are fitted as standard on the port and starboard side of the ergonomically designed pilot/passenger seats and steering console. Stainless steel bow rails are also available as an option.

As with all models in the Golden Line Series, the G420 is equipped with a comprehensive list of standard equipment plus a wide range of accessories including a 55 liter built in fuel tank, that will enhance the boat's range and add to it's unique individuality.

G340–G380

From the outset our **GOLDEN LINE** Tenders have introduced a new age of luxury in RIB design.

With their superior quality, comfort and elegance, this series has become a prestigious and exclusive tender for owners of luxury yachts. There are currently two models: The G340 (330cm or 10'10") and the G380 (360cm or 11'10") both with fiberglass step ends. They come fully equipped with large bow step plate with navigation light, pull up cleat and soft seat back, low profile console with handrail, and two rear handrails.

But perhaps the most important feature is their unbeatably low weight, which enables them to be accommodated by most davit systems.

- **The G340EF** weighs in at 129kg (284 lbs) and with a 20hp outboard around 204kg (450 lbs).
- **The G380EF** weighs in at 170kg (374 lbs) and with a 40hp outboard around 265kg (583 lbs).

G340EF

G380EF

Features:

G380EF — G340EF

1

2

3

1. Elegant transom extensions for a better ride, stability, flotation and easily getting on plane **2. Lightest luxury dinghies ever!** Boat weights: G340 — 129 kg, G380 — 170 kg rear of the steering console. **3. Easy removable side seat** with soft cushion (optional).

Bow step plate with pull-up cleat

Low profile steering console with handrail and front seat

Two rear safety handrails

Every model is equipped with a unique water spray protection system that is designed to provide a dry ride with no water entering from the stern.

SILVER LINE

Customers whose primary need is good value and functionality will favor our Silver Line Series. The boats range from 2.5 m to 5.5 m in length. Most models are available with option packages including Base, Sport and Deluxe so we hope you will find exactly what you are looking for in our Silver Line Series.

S550

The **SILVER LINE S550** is a **GRAND** model which will not fail to impress and is fast gaining in popularity.

This long-anticipated model quickly became one of our bestsellers, winning many customers hearts with it's family friendly credentials. Based on a modular design concept this boat is an ideal solution as a family runabout, watersport workhorse, holiday fun boat and much more. It is easy to transport, provides plenty of storage space and cockpit area and demonstrates an incredibly high performance level and stability due to the advanced easily driven Deep “V” High Step Hull.

The S550 now comes with fiberglass step ends and a polyester navigation arch as standard equipment. It is available in two versions:

DELUXE with many standard features, and the **GRAND LUXE** with stainless steel bow and rear handrails, electrics package, plus twin swim platforms with ladder.

S550GRF
with water ski mast

Features:

- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set

S520

The Silver Line S520 is one of the latest mid-size designs from GRAND, which from its inception has become a most popular family and holiday boat.

The key points within the design philosophy were to produce a practical, spacious, easy transportable and well-equipped boat at a highly competitive price. The Extra-Deep “V” hull (over 25° on transom and over 50° max) ensures the boat copes easily with choppy inland and coastal waters. If you are looking for a safe, reliable, roomy and easy transportable RIB for your family holiday, look no further — the S520 is exactly what you need! The S520 is available in three versions:

- **The BASE version (S520)** — boat with bare cockpit suitable for customization.
- **The SPORT version (S520S)** — boat with (CS-03) SPORT console with windshield, handrail and steering system.
- **The DELUXE version (S520L)** — boat which includes the new (CL-12) DELUXE steering console with windshield, handrail, front seat and seatback with stowage compartment plus a rear (SD-15) double seat, soft back with lockable stowage compartment.

S520LF
with optional bow step plate, bow cushion & navigation arch

Features:

S520 — S520S — S520L

1

2

3

1. New large and convenient bow step plate. 2. High capacity bow locker with over 200 liters capacity transforms to comfortable sundeck. **3. New steering double seat** with flip-up system for your comfortable ride.

The Silver Line S520 is one of the latest mid-size designs from GRAND, which from its inception has become a most popular family and holiday boat.

S520L

COMPARTMENTS CHART

- 1. Bow locker
- 2. Console storage
- 3. Double seat locker
- 4. Rear open storage volume
- 5. Water collector

STANDARD FEATURES:

- Extra-Deep “V” molded fiberglass hull with self-bailing cockpit, fuel tank compartment and access cover
- Soft curved multi-chamber inflatable tube
- Molded in high capacity (200 liter) bow locker with access cover
- Two rear cleats (excl. BASE)
- Towing bow eye, two front and two rear lifting eyes
- Bow grab handle, safety grab handles
- Tough raised rubbing strake with splash guard
- Two paddles and high-efficiency foot pump
- Two cockpit bailers and hull drain plug

DELUXE VERSION:

- CL-12 steering console with front seat, seat back, windshield, handrail and two dashboards
- Mechanical steering system with steering wheel
- Rear double seat SD-15 with soft seat backs and lockable stowage

SPORT VERSION:

- CS-03 steering console with windshield and handrail
- Steering system with cable and steering wheel

OPTIONAL EQUIPMENT:

- Removable sundeck
- Built in 90 liter fuel tank with sender and filler
- Complete electric package
- Fiberglass step ends for inflatable tube
- Stainless steel polished navigation arch
- Bow step plate with clam bollard
- Bow locker removable cushion
- Collapsible bimini top
- Overall cover, console cover
- Overpressure valve
- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set (for DELUXE version)

S470N

This Silver Line S470N is a new model replacing our previous S470 bestseller.

The new model retains the original Silver Line philosophy of a practical, spacious and lightweight concept with elegant design but now incorporates the unique GRAND DART hull system with key features:

- **A higher keel line** with a deeper “V” for a softer ride
- **Additional space** at the forward end of the cockpit
- **Reduced water spray** for a drier ride at speed

The S470N is available in three versions:

- **The BASE version (S470N)** — boat with bare cockpit suitable for customization.
- **The SPORT version (S470NS)** — boat with (CS-03) SPORT console, double jockey seat and steering system.
- **The DELUXE version (S470NL)** — boat with new (CL-14) steering console with windshield, handrail and front seat, plus a new stylish (SD-10) double seat.

S470NSF

Features:

S470N — S470NS — S470NL

1

2

3

1. Unique “DART hull” performance system with superior stability and dry ride. **2. Elegant and slick bow step plate** with anchor roller and cleat (optional). **3. New folding stainless steel navigation arch** for compact storage and the occasional low bridge.

We have also included a new generation steering console with double seat for a more comfortable ride plus additional storage space.

Bow step plate with anchor roller and cleat

S470N

S470NL

COMPARTMENTS CHART

1. Bow locker
2. Console storage
3. Double seat locker
4. Rear open storage volume
5. Drain well

STANDARD FEATURES:

- Deep-V hull with original “DART-hull” system
- Soft curved multi-chamber inflatable tube
- Molded in spacious bow locker with access cover
- Towing bow eye, two front and two rear lifting eyes
- Bow grab handle, safety grab handles
- Tough raised rubbing strake with splash guard
- Cockpit drain plug (bailer) and hull drain plug

DELUXE VERSION:

- Steering console CL-14 with windshield, handrail
- Mechanical steering system with steering wheel
- Rear double seat SD-10 with seat back and stowage
- Bow locker removable cushion

SPORT VERSION:

- Steering console CS-03 with windshield and handrail
- Mechanical steering system with steering wheel

OPTIONAL EQUIPMENT:

- Removable sundeck for S470NL
- Complete electric package
- Fiberglass step ends of the inflatable tube
- Stainless steel folding navigation arch
- Bow step plate with anchor roller and cleat
- Bow locker removable cushion (S470N and S470NS)
- Collapsible bimini top
- Overall cover, console cover
- Overpressure valve
- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set (for DELUXE version)

S370N–S420N

Both models are based on the DART hull system with the following key features include:

- **Exceptional stability** with softer ride and improved performance.
- **Impressive cockpit** with wider bow section, more seating and storage.
- **Extremely lightweight hull** made of hand-laid high density GRP.
- **Competitively priced** for great value!

The two models comprise the 370 cm (12' 2") and 420 cm (13' 9") with three versions available for each:

- **The BASE version** (S370N, S420N) — boat with 2 wooden seats and oars.
- **The SPORT version** (S370NS, S420NS) — with (CS-01) SPORT console for the S370N, and a new (CS-03) console for the S420N.
- **The DELUXE version** (S370NL, S420NL) — with a new (CL-11) DELUXE steering console and rear (SD-06) double seat with soft back and securable locker.

**S420N
BASE**

**S420NS
SPORT**

**S420NL
DELUXE**

Features:

S370N — S420N

1. New generation of fast performing hulls with **unique DART hull system** from GRAND. **2.** **Practical and stylish steering console** for an enjoyable ride and easy control. **3.** **New folding stainless steel navigation arch** for compact storage and the occasional low bridge.

The S370N and S420N both represent a contemporary approach to the design of mid sized RIBs

- Bow locker removable cushion (BASE and SPORT)
- Bow step plate with anchor roller and cleat
- Collapsible bimini top
- Overall cover, console cover
- Overpressure valve
- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set (for DELUXE version)

S250—S330

Our SILVER LINE Tenders combine a traditional RIB design with our original styling.

SILVER LINE Tenders are produced in four sizes; 250 cm (8'2"), 275 cm (9'0"), 300 cm (10'10") and 330 cm (10'11") and are available in the following versions:

- **The Base version** — a True Classic. It is a conventional tender featuring two removable wooden seats and oars, along with several other features and optional equipment. Take it out for lunch on the beach or perhaps a short trip to the mainland for supplies.
- **The Sport version** — treat the kids or yourselves. This version comes with GRAND's SPORT console featuring a complete steering system (except S250 and S275) and with the ideal power options; up to 25hp on the 330, to qualify it as a potent and exciting high-speed watercraft. It's for boaters who value fun and great handling!
- **The Deluxe version** — just what your luxury yacht needs! This boat includes the new Deluxe (CL-17) console with a complete steering system (except S250 and S275) and wide (SD-12) double seat with soft back and securable locker.

- Fiberglass step ends for inflatable tube (except S250)
- Bow stowage bag
- Soft seat cushions with under-seat bag
- Bow step plate with clam bollard (S300-S330)
- Bimini Top (S300-S330)
- Overall cover, console cover
- Overpressure valve
- Keel and tube protector packages
- SILVERTEX upholstery upgrade
- SeaDek antiskid set (for DELUXE version)

NEW SERIES!

ALUMINUM LINE

Our Aluminum Line Tenders combine a degree of robustness with a traditional RIB design. The result is a high strength hull, which together with our unique styling produces an elegant, spacious and reliable boat. The Series includes boats from 2.7 m to 3.3 m in length.

ALU270D– ALU330D

As with all GRAND's products, our ALUMINUM LINE boats are designed and built to provide optimum pleasure and a feeling of Luxury, Comfort and Safety no matter where your journey takes you!

Hulls are made of 3mm 5083/H111 Aluminum alloy, which known for its exceptional performance in extreme environments. This alloy is highly resistant to attack by both seawater and industrial chemicals, it also retains exceptional strength after welding and has the highest strength of all the non-heat treatable aluminum alloys. In addition the hull and all aluminum components are painted, affording additional protection.

Hull and tubes are also available in a range of colors to match your yacht.

The design criteria was performance, practicality and safety and the result is a durable and seaworthy design that professionals will choose for year round use in most locations.

We are sure you'll be impressed with the outstanding performance of our new ALUMINUM LINE boats, whether you are looking for a yacht tender, professional work boat or simply looking for a comfortable boat for recreational purposes.

The ALUMINUM LINE is available in 2700, 3000 and 3300 mm lengths.

ALU300D
